- 1 PDL 99E "Global Ministry"
- 2 9-10 March 99
- 3 Opening Statement
- 4 Fr. Dendinger

- 6 CHAPLAIN DISTANCE LEARNING
- 7 Eighteen months ago Global Ministry was
- 8 introduced to the Chaplain Service
- 9 and to the Air Force. I told you then we
- would periodically assess where
- we are in the ongoing Global Ministry
- process. That's why we're here today.
- 13 It's time to talk about where we've been, and
- where we're going. This PDL is
- somewhat of a watershed. We've talked a
- great deal about Global Ministry over
- the past year. Questions, issues, ideas, and
- concerns have been raised at every
- 19 level. There were moments of clarity and
- 20 insight—and periods of confusion.

- 21 Many are still asking the questions, "What is
- 22 Global Ministry?" "Is it
- 23 fundamentally different from what we've
- 24 always done?" Those are valid
- 25 questions for which we have some pretty
- solid answers. When Global
- 27 Ministry was introduced, I knew the risks.
- 28 Communication is always risky.
- 29 The sermons we give are not necessarily the
- ones people hear. Supervisors
- sometimes have to go over the same
- 32 directive from six different angles before
- 33 it's finally understood. So I'm not surprised
- there is some fog and friction
- over a vision communicated to 2200
- 36 individuals. A vision, like a sermon,
- can be heard in a hundred different ways.It
- would've been easier and
- safer to maintain the status quo: business as
- usual. We're not called,

- 41 however, to be safe and comfortable. We
- are called to a focused, meaningful
- 43 ministry. So the Global Ministry process
- began. I'm pleased with our progress
- so far. Together we've addressed the most
- basic questions we could ask:
- "Who are we, and what do we uniquely
- 48 provide to the Air Force community?" We
- 49 stimulated
- 50 debate and identified critically important
- issues. All of that is healthy—and
- the process needs to continue. I want to
- emphasize, however, that our reason for
- being is not self-assessment. Our focus is
- 55 directed toward those we serve. We
- take a look in the mirror only to improve.
- We need to remember that Global
- Ministry is part of a much larger picture.
- 59 The Chaplain Service is a small part
- of a world that changed dramatically over
- the last 20 years. When the Berlin

- wall came down, the world order changed.
- The end of the cold war stalemate
- created a vacuum that was quickly filled by
- rogue dictators, humanitarian concerns,
- 66 terrorist attacks—and more. The job
- 67 description of the military changed from
- strategic stalemate to tactical response. The
- 69 Air Force changed accordingly.
- 70 It no longer made sense to have SAC
- bombers in the air 24 hours a day. We no
- longer needed installations all over the
- world in case of a Soviet attack.
- 74 Radically different national security
- challenges meant a new vision was needed
- for the Air Force. Global Engagement was
- born. Global Engagement is the Air
- Force leadership asserting, "This is who we
- are and what we offer to national defense."
- 80 **(Slide 1)**
- Just as the Air Force shaped and expressed
- its vision in response to a

- changing world, so also the Chaplain
- 84 Service formulated its vision in response to
- 85 a
- se changing Air Force. Global Ministry is our
- way of saying, "This is who we are and
- what we offer."

89 **(Slide 1 off)**

- The heart of Global Ministry is captured by
- three simple statements: who we are...what
- we do...how we do it. Who we are, is the
- essence of Global Ministry as "vision
- statement." What we do refers to ministry
- "strategies." How we do it is a matter of
- 96 ministry tactics and guidelines.
- I want to emphasize that I am part of the
- 98 Global Ministry process—with you. Like
- 99 you,
- 100 I'm part of a very complex and demanding
- organization called the United States Air
- Force.

| 103 | With you, I'm deeply committed to |
|-----|---|
| 104 | providing the best possible ministry. Our |
| 105 | time together |
| 106 | today is an opportunity to deepen our |
| 107 | understanding of how we can best serve as |
| 108 | chaplains |
| 109 | and CSSP. Each organization at your base |
| 110 | offers a specific product or service based on |
| 111 | focused training and expertise. They are |
| 112 | "set apart" in unique ways, offering |
| 113 | predictable services. We don't go to the |
| 114 | fitness center to get a will drawn, |
| 115 | or to the flightline to get a tooth filled. Why |
| 116 | do people come to us? What |
| 117 | do Air Force members and their loved ones |
| 118 | expect from us? Who are we to the |
| 119 | Air Force community? How we see |
| 120 | ourselves and what we offer are matters of |
| 121 | vision. The word "vision" has numerous |
| 122 | meanings. For our purposes, vision |

| 123 | means "a mental picture—a way of seeing |
|-----|--|
| 124 | something or someone." Our vision |
| 125 | is like a two-sided coin. One side of the coin |
| 126 | is who we are. The other side |
| 127 | of the coin is what we offer world class |
| 128 | ministry: anytime, anyplace. |
| 129 | Our vision describes ministry. It does not |
| 130 | prescribe the details of ministry. |
| 131 | In 1960 President Kennedy shared his vision |
| 132 | of landing a spacecraft on the moon. |
| 133 | He didn't tell NASA how to get there—he |
| 134 | articulated the vision. During the |
| 135 | carnage of WWII there was a vision of |
| 136 | peace in Europe. The vision didn't |
| 137 | detail battle plans or air strategy—it simply |
| 138 | described the end state of peace, |
| 139 | a vision everyone shared and worked |
| 140 | toward. A vision is simply a way of seeing |
| 141 | ourselvesour unique vocation, and what |
| 142 | we are working towardour desired end |

| 143 | state. Our vision defines who we are. Our |
|-----|---|
| 144 | mission describes what we do. |
| 145 | Doctors are set apart to treat medical |
| 146 | problems. Lawyers pass the bar in |
| 147 | order to offer legal services. Chaplains are |
| 148 | endorsed to provide for the |
| 149 | free exercise of religion. We do this through |
| 150 | spiritual care and ethical |
| 151 | leadership. We provide spiritual care |
| 152 | through worship services and pastoral |
| 153 | care. We provide ethical leadership by |
| 154 | advising commanders. This is our |
| 155 | heritage and our mission. They belong to no |
| 156 | one else. Global Ministry |
| 157 | is not fluff, nor is it an annual Chaplain |
| 158 | Service theme. It's a constant |
| 159 | reminder of who we arewhy we |
| 160 | servewhat we are set apart to provide. |
| 161 | We're |
| 162 | our own worst enemies when we don't |
| 163 | understand and express what is |

| 164 | uniquely ours. We are not "set apart" to |
|-----|---|
| 165 | hang around, waiting for someone |
| 166 | to tell us who we are. If we don't understand |
| 167 | who we are and why we are |
| 168 | here, others will define us. If we aren't |
| 169 | meaningfully, distinctively |
| 170 | involved in activities grounded in our |
| 171 | mission—then others will find |
| 172 | odd jobs for us to do. Or worse, we'll |
| 173 | wander around looking for ways |
| 174 | to justify our existence. There is |
| 175 | considerable confusion concerning |
| 176 | what it means to "facilitate" ethical |
| 177 | leadership. Each agency and |
| 178 | individual within the Air Force participates |
| 179 | in the formulation and |
| 180 | pursuit of ethical norms and standards. |
| 181 | What does the chaplain uniquely |
| 182 | do? Underlying our theological and |
| 183 | scriptural differences, what do all |

| 184 | chaplains uniquely bring to the ethical |
|------------|--|
| 185 | conversation? We share a commitment |
| 186 | to provide spiritual care. As spiritual |
| 187 | caregivers, we see the world through |
| 188 | spiritual eyes. We're educated to search |
| 189 | beneath the surface of behaviors |
| 190 | and events and to assess matters of soul and |
| 191 | spirit. We're educated and |
| 192 | ordained to understand the difference |
| 193 | between behavioral symptoms and |
| 194 | underlying spiritual problems. Our vocation |
| 195 | does not "set us apart" |
| 196 | to analyze minds—that is mental health's |
| 197 | job. Nor are we ordained to |
| | |
| 198 | condemn ethical lapse, or otherwise try to |
| 198 199 | condemn ethical lapse, or otherwise try to constrain or manage wayward |
| | - |
| 199 | constrain or manage wayward |
| 199 200 | constrain or manage wayward behaviors. That is the first sergeant's job, |

| 204 | Training Instructors, and preschool teachers |
|-----|---|
| 205 | are master ethicists in |
| 206 | their environments. But not everyone has |
| 207 | eyes to see beneath surface |
| 208 | behaviors to the soul and spirit of |
| 209 | individuals and communities. That |
| 210 | is our job—what we are set apart to do. No |
| 211 | religion is solely constituted |
| 212 | in terms of rules, laws, or external |
| 213 | behaviors. These matters, however, |
| 214 | are very important indicators of deeper |
| 215 | concerns. A mechanic "hears" the |
| 216 | knock of an engine as the indicator of deeper |
| 217 | problems. A spiritual |
| 218 | caregiver "sees" ethical behavior as the |
| 219 | symptoms of a healthy or |
| 220 | "diseased" spirit, or soul. Our unique voice |
| 221 | as facilitators of |
| 222 | ethical leadership is shaped and asserted by |
| 223 | virtue of our education |

| 224 | as spiritual caregivers. Our voice informs |
|-----|--|
| 225 | the leaders and the |
| 226 | communities we serve. Notice that Global |
| 227 | Ministry is directly |
| 228 | tied to the essence of ordination for |
| 229 | chaplains and to the particulars |
| 230 | of training for CSSP. Let's talk about both: |
| 231 | ordination for ministry |
| 232 | and professional training for the support of |
| 233 | ministry. Chaplains |
| 234 | and CSSP at any given location are |
| 235 | members of a team—which we refer to |
| 236 | as the chapel staff. Each member of the |
| 237 | staff supports a shared |
| 238 | effort—and works toward the fulfillment of |
| 239 | a shared vision. The same |
| 240 | is true of any organization at your base. |
| 241 | Pilots and crew chiefs |
| 242 | represent a team effort, working together |
| 243 | toward the shared goal of |

| 244 | getting the airpiane safety there and back. |
|-----|---|
| 245 | Pilots could not fly |
| 246 | airplanes were it not for professional |
| 247 | technicians, fuel specialists, |
| 248 | and crew chiefs. Ministry would slow to an |
| 249 | inefficient crawl without |
| 250 | the program and administrative support |
| 251 | provided by CSSP. CSSP are |
| 252 | instrumental in getting ministry "there and |
| 253 | back." |
| 254 | (Slide 2 on) |
| 255 | The vision, "A responsive, agile |
| 256 | Chaplain Service providing world class |
| 257 | ministry to the Air Force community: |
| 258 | Anytime, Anyplace," requires |
| 259 | strong, disciplined, focused support. CSSP |
| 260 | are professionally trained |
| 261 | to provide such support. Program support |
| 262 | specialists are crucial to |
| 263 | the vision: "world class ministry: |
| 264 | anytimeanyplace." The uniqueness |

| 265 | of the CSSP career field is grounded in the |
|-----|---|
| 266 | realization that only those |
| 267 | who have a deep understanding of, and |
| 268 | appreciation for the value of |
| 269 | Chaplain ministry and its requirements can |
| 270 | truly enhance and multiply |
| 271 | that ministry by supporting it in ways that |
| 272 | increase the overall |
| 273 | effectiveness of Chaplain ministry. |
| 274 | (Slide 2 off) |
| 275 | Global Ministry |
| 276 | represents the essence of what it means to be |
| 277 | "set apart" for ministry. |
| 278 | This is fundamental. If we don't understand |
| 279 | what it means to be educated |
| 280 | and endorsed for ministry, we will not be |
| 281 | clear on our vision, our reason |
| 282 | for being in the 21st Century Air Force. |
| 283 | Underlying the entire Global |
| 284 | Ministry process is a basic question: what is |
| 285 | unique about ministry? |

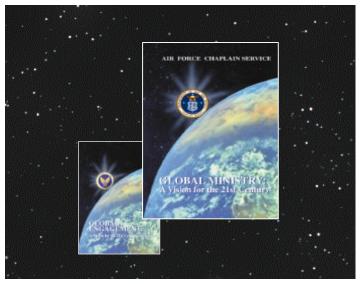

| 286 | Why are we set apart? What are we "sent |
|-----|---|
| 287 | forth" to provide? Global |
| 288 | Ministry raised and continually raises that |
| 289 | question: why are we here? |
| 290 | Who are we? There has been spirited debate |
| 291 | concerning those issues and |
| 292 | questions. Global Ministry is grossly |
| 293 | misunderstood when it uproots |
| 294 | ministry from the ground of theological |
| 295 | education and ecclesiastical |
| 296 | endorsement. The greatest danger I see for |
| 297 | the Chaplain Service is the |
| 298 | loss of purpose and identity. If we don't |
| 299 | understand why we're here |
| 300 | and what we uniquely provide, no one else |
| 301 | will. We are called to provide |
| 302 | ministry anytime anyplace, not to provide |
| 303 | everything anytime anyplace. |
| 304 | Chaplains are endorsed to do what no one |
| 305 | else can do. Understanding this |

| 306 | is foundational to our vision for ministry in |
|-----|---|
| 307 | the military. Let's talk |
| 308 | more about that. Chaplains are endorsed— |
| 309 | set apart—to provide spiritual |
| 310 | and pastoral care, to facilitate ethical |
| 311 | leadership, to lead worship, |
| 312 | and more. We are educated to be doctors of |
| 313 | the soul. No one else is endorsed |
| 314 | to care for souls, lead worship, preach |
| 315 | meaningful sermons, or provide |
| 316 | prophetic advice to commanders. We are |
| 317 | commissioned to see people, |
| 318 | ethical issues, and problems through |
| 319 | spiritual eyes. Mental health |
| 320 | people analyze minds and emotions. First |
| 321 | Sergeants manage behaviors |
| 322 | and relationships. Commanders ensure |
| 323 | mission accomplishment. Chaplains |
| 324 | are called to see the spiritual needs, |
| 325 | maladies, and potential of those |

| 326 | we serve. Global Ministry is misunderstood |
|-----|---|
| 327 | if it is seen as a mandate |
| 328 | to de-emphasize worship, shut down parish |
| 329 | programs, turn administration |
| 330 | over to laity, or ignore the spiritual needs of |
| 331 | our Air Force families. |
| 332 | Chaplains are not endorsed only to do |
| 333 | visitation, be on the flight line, |
| 334 | or to support deployments, but to assess and |
| 335 | respond to the spiritual needs |
| 336 | of their communities. Workcenters, |
| 337 | flightlines, and deployments are simply |
| 338 | places for Ministry- not ministry in itself. |
| 339 | Global Ministry as Vision, describes the |
| 340 | entire |
| 341 | Chaplain Service. Every chaplain and CSSI |
| 342 | is committed to "world class |
| 343 | ministryanytime, anyplace." The vision |
| 344 | of the Chaplain Service does |
| 345 | not change from Lackland to Lajes, or from |
| 346 | Thule to Tuzla. Each chapel |

staff, however, has its own strategy for 347 ministry. When your local strategy 348 reflects our shared identity as spiritual 349 caregivers and ethical leaders 350 Global Ministry is realized. Many people 351 make the comment, "What is new here? 352 We've been doing Global Ministry all 353 along." That's true in some important 354 ways. It is not true in other ways. Let's 355 identify the differences. 356 (Slide 3 on) 357 When General Fogelman presented Global 358 Engagement as the Air Force Vision 359 for the 21st century, he created a new vision 360 for the Air Force. But we didn't 361 go from flying airplanes to driving tanks. 362 (Slide 4 on) 363 When we inaugurated Global Ministry, I 364 did not intend to redefine the basics of 365 ministry. On the contrary, my intent was to 366 affirm the basics of ministry in light of a 367

| 368 | new vision. Global Ministry does not |
|-----|---|
| 369 | minimize worship, preaching, or pastoral |
| 370 | care. Nothing has changed here. The basics |
| 371 | of ministry are the same today as |
| 372 | 50 years ago when the Air Force Chaplain |
| 373 | Service was born. |
| 374 | (Slide 4 off) |
| 375 | However, you know the environment for |
| 376 | ministry has changed. Today, mobility and |
| 377 | readiness |
| 378 | are a way of life for our Air Force families. |
| 379 | Readiness is not simply a |
| 380 | matter of "going, coming, or being there." |
| 381 | Readiness is an attitude and |
| 382 | a state of being for every member of our Air |
| 383 | Force family. Twenty years |
| 384 | ago, mobility and readiness meant |
| 385 | something very different from what those |
| 386 | words mean now. Our ministry is thus |
| 387 | Global Ministry, and represents a very |

| 388 | significant change in those terms. A |
|-----|---|
| 389 | frequently asked question over the |
| 390 | past year was, "What is Global Ministry?" I |
| 391 | believe we can now answer that |
| 392 | question, and we've all grown into the |
| 393 | answer. "Global Ministry is our |
| 394 | Vision for Ministry. It is how we see |
| 395 | ourselves" |
| 396 | Let's take a five minute break. |
| 397 | When we return we will move from vision |
| 398 | to strategy. |
| 399 | |
| 400 | |
| 401 | (Part 2 - What we Do Moving from Vision |
| 402 | to Strategy) |
| 403 | What does our vision mean? |
| 404 | What do we now do as spiritual care givers |
| 405 | and ethical leaders? Do we |
| 406 | simply make base-wide announcements: |
| 407 | "Spiritual care givers and ethical |
| | |

| 408 | leaders located at Building 1690," and then |
|-----|---|
| 409 | wait for people to show up? |
| 410 | Its one thing to "see ourselves" as spiritual |
| 411 | care givers; quite another |
| 412 | to provide spiritual care. So we switch our |
| 413 | focus as we talk about the |
| 414 | doing of spiritual care. How does your |
| 415 | chapel staff build a local |
| 416 | strategy for ministry? How do you |
| 417 | determine the spiritual needs at Shaw AFB? |
| 418 | How do you decide, shape and implement |
| 419 | our core processes in response to such |
| 420 | needs? We need to understand the strategic |
| 421 | pursuit of that vision. Much |
| 422 | of the misunderstanding and confusion of |
| 423 | the past year resulted from the |
| 424 | misperception that Global Ministry is a |
| 425 | strategy (what we are to do), rather |
| 426 | than a vision (who we are). A "strategy" |
| 427 | is the plan or method used |
| | |

| 428 | to obtain a goal or fulfill a vision." Strategy |
|-----|---|
| 429 | is what we do. What, then, |
| 430 | are the strategic means of pursuing Global |
| 431 | Ministry? How do we get to our |
| 432 | desired end state: world class ministry, |
| 433 | anytimeanyplace? Our core processes |
| 434 | are our primary delivery systems. Global |
| 435 | Ministry does not prescribe how such |
| 436 | processes should look at your location. |
| 437 | Global Ministry is not a model, template, |
| 438 | or checklist. Ultimately, local strategy is |
| 439 | shaped by the unique chemistry |
| 440 | and variables at your installation. Global |
| 441 | Ministry does not tell you how |
| 442 | pastoral care, religious observances, and |
| 443 | advising commanders are to be |
| 444 | implemented at your location. Global |
| 445 | Ministry does, however, express the |
| 446 | general understanding that core processes |
| 447 | are fundamental to the daily work |

| 448 | of the Chaplain Service. Our bases, |
|-----|---|
| 449 | generally, have a need for regular worship |
| 450 | observances. I would not want to visit a |
| 451 | base and hear that chaplains and CSSP |
| 452 | are not involved in weekend worship. All |
| 453 | bases require pastoral care, religious |
| 454 | accommodation, and ethical leadership. |
| 455 | Those are worldwide strategic imperatives |
| 456 | in support |
| 457 | of our vision. Let's review where we are. |
| 458 | We are making important distinctions |
| 459 | between Global Ministry which is our |
| 460 | vision, and the strategies for ministry at |
| 461 | base level. In doing so, we move from the |
| 462 | general - vision - to the more |
| 463 | specific - strategy. Here's what we've said |
| 464 | (Slide 5 on) |
| 465 | Global Ministry as vision: |
| 466 | 1.) Describes who we are (we are spiritual |
| 467 | caregivers) |

468

| | , |
|-----|---|
| 469 | class ministry: anytime, anyplace |
| 470 | 3.) Inspires and empowers the Chaplain |
| 471 | Service: "This is who we areand we |
| 472 | know where we are |
| 473 | going." |
| 474 | (Slide 6 on) |
| 475 | - The strategy of local ministry tells what |
| 476 | we do: 1.) How we employ |
| 477 | delivery systems in response to spiritual |
| 478 | needs 2.) Religious accommodation, |
| 479 | pastoral care, religious observances, and |
| 480 | advising commanders are the delivery |
| 481 | systems of spiritual care AND are the means |
| 482 | by which we seek to achieve "World |
| 483 | class ministry: anytimeanyplace." |
| 484 | (Slide 6 off) |
| 485 | Just as strategy supports and pursues a |
| 486 | vision, so also tactics support strategy. The |
| 487 | local commander in support of strategic |
| 488 | objectives always determines tactics. |

2.) Envisions our desired end state: World

Strategy of local ministry How we respond to spiritual

needs

Religious accommodation, pastoral care, religious observances, advising commanders

| 189 | During WWII, a strategist at SHAPE |
|-----|---|
| 190 | headquarters did not direct fighter pilots in |
| 191 | the midst of a dogfight over Germany. |
| 192 | Likewise, there is no "Global Ministry |
| 193 | Commander" who will prescribe the |
| 194 | comings and goings of ministry at your |
| 195 | location. No one |
| 196 | will tell you how to do a Prayer Breakfast o |
| 197 | dictate your worship schedule. |
| 198 | Instead, you strategically and tactically |
| 199 | pursue the Global Ministry vision |
| 500 | at your location. You and I share the |
| 501 | collective effort of pursuing world |
| 502 | class ministry: anytimeanyplace. That is |
| 503 | our vision. But you don't do |
| 504 | the vision at your location, anymore than |
| 505 | you get something to drink at a |
| 506 | desert mirage. You don't do Global |
| 507 | Ministry, and neither do I. If you are |
| 508 | at Pope AFB today I hope you are doing |
| 509 | Pope AFB ministry in response to the |

| 510 | spiritual needs of that community. Hickam |
|-----|---|
| 511 | AFB does Hickam ministry, not |
| 512 | Global Ministry. That does not mean Pope |
| 513 | and Hickam ignore Religious |
| 514 | Accommodation, or the core processes of |
| 515 | Global Ministry. It does mean |
| 516 | and require that the imperatives for ministry |
| 517 | are shaped in response to |
| 518 | the particular spiritual needs of your |
| 519 | communities. From the beginning |
| 520 | we emphasized that Global Ministry is not a |
| 521 | cookie cutter. That fact |
| 522 | remains true today. Global Engagement |
| 523 | doesn't prescribe how Whiteman AFB |
| 524 | launches sorties, neither does Global |
| 525 | Ministry dictate the daily matters |
| 526 | of ministry at Maxwell. It would be |
| 527 | disastrous to prescribe the details |
| 528 | of your ministry from MAJCOM or Air |
| 529 | Staff. There are too many random factors, |

| 530 | too many variables. I can, however, provide |
|-----|--|
| 531 | a clear vision that inspires |
| 532 | and empowers you to build a strategy for |
| 533 | ministry at your location. And |
| 534 | MAJCOMs can support you in your delivery |
| 535 | of ministry We need to be |
| 536 | honest about some bumps in the road over |
| 537 | these past 18 months. Global |
| 538 | Ministry has been a learning process at all |
| 539 | levels. My office, the MAJCOMs, |
| 540 | CSI, and base level have all experienced a |
| 541 | learning curve. We've all asked |
| 542 | questions, grappled with issues, experienced |
| 543 | moments of confusion. Some along |
| 544 | the way said they knew exactly what Global |
| 545 | Ministry was—but they really didn't. |
| 546 | Others said they had no clue what Global |
| 547 | Ministry was—which was |
| 548 | honest and understandable. There were |
| 549 | others who saw Global Ministry as an |

| 550 | opportunity to do what they most enjoyed |
|-----|--|
| 551 | doing, and shut down what they personally |
| 552 | don't |
| 553 | consider important—including a core |
| 554 | process, or two. The biggest source |
| 555 | of confusion and mistakes, I believe, has to |
| 556 | do with looking at Global Ministry |
| 557 | as a strategy for the doing of ministry— |
| 558 | instead of a vision that represents who |
| 559 | we are and what we do. Some, for example, |
| 560 | interpreted Global Ministry as the |
| 561 | strategic mandate to minimize parish |
| 562 | ministry—or turn it over to the laity. |
| 563 | Global Ministry was, for them, marching |
| 564 | orders to get out of the chapel. |
| 565 | The idea then was to go out and be more |
| 566 | "operationally relevant" by having |
| 567 | offices all over the base, flying more with |
| 568 | aircrews, being seen more in the |
| 569 | squadrons, etc. At some bases, chaplains |
| 570 | and CSSP weren't present for worship. |

| 571 | Instead, they worked Monday through |
|-----|--|
| 572 | Friday, "out and about." Others suggested |
| 573 | the retirees look downtown for a new |
| 574 | worship community. While we won't |
| 575 | dictate or prescribe the details of Global |
| 576 | Ministry at the local level, we |
| 577 | can't allow bases to do away with core |
| 578 | processes, and call it ministry. |
| 579 | When being in squadrons or flying with |
| 580 | aircrews replaces worship, or |
| 581 | religious observances—then something is |
| 582 | very wrong. Every faith group |
| 583 | and denomination has a worship tradition. |
| 584 | The people we serve associate |
| 585 | worship with chaplains to the same degree |
| 586 | they associate medical care with |
| 587 | doctors. We are expected to provide and be |
| 588 | part of worship. I'm uncomfortable |
| 589 | when I hear of chaplains who are not part of |
| 590 | the chapel worship community, and |

| 591 | CSSP who do not support weekend worship. |
|-----|--|
| 592 | Religious Observance is a core process. |
| 593 | It cannot be less important than visitation, |
| 594 | chapel programs, or advising |
| 595 | commanders. Now let's take a closer look at |
| 596 | how to balance such matters. |
| 597 | In the last section, I emphasized that local |
| 598 | strategies can't be prescribed |
| 599 | from on high. Neither Air Staff nor your |
| 600 | MAJCOM can give you templates for |
| 601 | doing ministry at your base. We can, |
| 602 | however, mention some general guidelines |
| 603 | and issues that may help shape and |
| 604 | implement strategic processes at your |
| 605 | location. |
| 606 | The pursuit of the Chaplain Service vision |
| 607 | requires strong, incisive leadership at |
| 608 | base level. That is where the rubber either |
| 609 | meets the road—or spins us into |
| 610 | a ditch. The Wing Chaplain must |
| 611 | understand the difference between his or her |

| 612 | chapel staff and other support agencies such |
|-----|--|
| 613 | as MWR, Services, Mental Health, |
| 614 | and Family Support. The Wing Chaplain |
| 615 | serves as gatekeeper of the Global Ministry |
| 616 | vision by understanding who the chapel staff |
| 617 | members are and what makes them |
| 618 | distinctive. The two sides of our mission |
| 619 | (who we are, and what we do), are |
| 620 | fundamentally important. The wing |
| 621 | chaplain's understanding of "who the staff |
| 622 | iswhy they are there," forms the basis for |
| 623 | organizing and leading the chapel |
| 624 | staff toward a local strategic response to |
| 625 | spiritual needs. Global Ministry |
| 626 | is not about individuals doing their own |
| 627 | thing, or running their own programs. |
| 628 | Every program and effort needs to occur as |
| 629 | part of a team effort, in response |
| 630 | to spiritual needs. Denominational |
| 631 | programs or personal interests are |
| | |

| 632 | certainly appropriate, as long as they are in |
|-----|--|
| 633 | response to identified spiritual |
| 634 | needs. Such programs and activities must |
| 635 | not be conducted in isolation from |
| 636 | the chapel staff's overall strategy. Every |
| 637 | staff should have a variety |
| 638 | of ministry programs and opportunities that |
| 639 | are part of a strategic response |
| 640 | to spiritual needs. This synergistic approach |
| 641 | enhances our effectiveness |
| 642 | and maximizes our potential for ministry. |
| 643 | The chapel staff must maintain |
| 644 | a simple, continual focus: "What are the |
| 645 | most pressing spiritual needs |
| 646 | of this community, and what are our |
| 647 | capabilities?" The Wing Chaplain's |
| 648 | responsibility is to constantly facilitate staff |
| 649 | conversation regarding |
| 650 | these basic matters. How do you assess |
| 651 | spiritual needs at your base? |

| 652 | How do you know what ministries are most |
|-----|---|
| 653 | needed? "Needs assessment" |
| 654 | is critically important, if we are to |
| 655 | effectively prioritize and shape |
| 656 | our ministry. There are no simple answers |
| 657 | here. Needs assessment is |
| 658 | a complex process. Do you just hand out |
| 659 | 500 surveys and then tabulate results? |
| 660 | What questions do you ask? How do you |
| 661 | know if you're getting valid, |
| 662 | reliable data? Do you talk to key leaders |
| 663 | and supervisors, asking |
| 664 | focused questions? Do you hire research |
| 665 | consultants and turn them |
| 666 | loose? Do you go to the Quality office, |
| 667 | asking for their help? |
| 668 | I wish I had a magic answer to those |
| 669 | questions. I don't know what |
| 670 | a needs assessment process should look like |
| 671 | at your location. I |

| 672 | strongly believe, however, you need a |
|-----|---|
| 673 | meaningful needs assessment |
| 674 | tool or process. I've heard people say they |
| 675 | have no time for such |
| 676 | processes. You need to make time. You |
| 677 | can't afford not to spend |
| 678 | quality time as a staff, mutually assessing |
| 679 | your community's spiritual needs. |
| 680 | Assessing needs is the basis for delivering |
| 681 | ministry. |
| 682 | Without an effective assessment process, |
| 683 | ministry is poorly conceived |
| 684 | and potentially aimless. Without effective |
| 685 | needs-assessment, |
| 686 | ministry is based on hunches, crisis |
| 687 | management, or "what we've |
| 688 | always done." Assessing spiritual need, or |
| 689 | the other hand, is |
| 690 | the basis for shaping local strategy. We |
| 691 | shape ministry in terms |
| | |

of who we are: spiritual caregivers and 692 support personnel seeking 693 to provide world class ministry. We do not 694 respond to all needs. 695 We respond to needs that require what we 696 uniquely offer. Needs 697 assessment may identify the desire for 698 chaplains to organize 699 golf matches, or turn the chapel into a pool 700 hall as a means 701 of lifting morale. Others might want to 702 define our ministry 703 solely in terms of handing out candy or 704 delivering coffee, 705 reducing pastoral care to morale activities. 706 (Slide 7 on) 707 But the critically important question 708 is: What are chaplains endorsed and CSSP 709 trained to do? 710 There are some needs and expectations that 711

are best responded

712

"Our ministry is always,
first and foremost,
grounded in our vision -not in someone else's
expectations,
nor in our personal needs."

| 713 | to by MWR, Mental Health, Services, the |
|-----|---|
| 714 | First Sergeant, or others. Our ministry is |
| 715 | always, first and foremost, grounded |
| 716 | in our vision and our core processes—not in |
| 717 | someone else's expectations, nor in our |
| 718 | personal needs. (Slide 7 off) The Wing |
| 719 | Chaplain must lead the chapel staff in |
| 720 | determining the best use of chapel |
| 721 | personnel and resources. We best respond |
| 722 | to spiritual needs when we understand the |
| 723 | talents, capabilities, and |
| 724 | limitations of the chapel staff. The "needs |
| 725 | of the community" |
| 726 | is only one half of the assessment process. |
| 727 | What "we can and |
| 728 | should offer" is the other half. The unique |
| 729 | gifts and talents |
| 730 | of staff members determine the range and |
| 731 | content of response. |
| 732 | Assessing staff capabilities represents a |
| 733 | strategic response |

| 734 | to identified spiritual needs. A final word |
|-----|--|
| 735 | about our response |
| 736 | to spiritual needs. The measure of effective |
| 737 | response is not |
| 738 | how many people we see or places we go |
| 739 | over the course of a |
| 740 | month but the degree to which we meet |
| 741 | spiritual needs. Such |
| 742 | ministry is only possible when we know |
| 743 | who we are and what we |
| 744 | uniquely provide. On this subject, I'd just |
| 745 | like to say |
| 746 | something to our Wing Chaplains It is |
| 747 | the Wing Chaplain |
| 748 | who advises the Wing Commander |
| 749 | regarding the shape and |
| 750 | priorities of the chapel ministry. Your |
| 751 | communication |
| 752 | must be tactful and forceful. The Wing |
| 753 | Commander is |

| 754 | expert at managing and meeting the mission |
|-----|--|
| 755 | requirements |
| 756 | of the base. The Wing Chaplain is expert at |
| 757 | identifying |
| 758 | and responding to the spiritual needs of the |
| 759 | base. |
| 760 | We can't have Wing Commanders telling |
| 761 | Wing Chaplains |
| 762 | who we are as the Chaplain Service. |
| 763 | Obviously, tact |
| 764 | and discretion are important during |
| 765 | conversations with |
| 766 | the line. But the Wing Chaplain must never |
| 767 | let anyone |
| 768 | redefine the Chaplain Service vision, |
| 769 | mission, or core |
| 770 | processes. Squadron commanders, likewise |
| 771 | must not |
| 772 | define what religious accommodation, |
| 773 | privileged |

communication, and squadron ministry 774 775 mean. 776 Commanders, first shirts, and supervisors 777 are excellent resources for assessing spiritual 778 779 needs. But they are not the experts on how those 780 needs 781 should be met. Chaplains are. Advising 782 Commanders 783 is not chit-chat—it is focused, and 784 intentional. 785 It must communicate our vision and 786 787 strategy.... At this point, let's take a **fifteen minute** 788 break. 789 During that time, I encourage you to talk 790 791 among yourselves and discuss what we've covered 792 793 today.

794

want to hear your comments 795 and concerns, and we'll also try to answer 796 797 any questions you may have.... 798 (Q and A) 799 Now Chief Hill and I are ready to hear your 800 comments and 801 concerns and to try to answer questions you 802 might have.... 803 804 (Closing) (Slide 8 On) 805 50 years ago, Army 806 chaplains ministered to the Air Force 807 808 community. Realizing the uniqueness of air power, they 809 were convinced that effective ministry 810 811 demanded that they become airmen. The Air Force Chaplain Service 812 was born in response to a changing 813

environment.

814

When we come back, Chief Jim Hill and I

Today we continue to meet the challenges of 815 816 an 817 ever-changing Air Force. In celebration of 818 our anniversary, we have struck a chaplain 819 service 820 coin. I'm sending one to each of you. When 821 you receive it, my hope is that it will be a 822 tangible reminder of your heritage. You are 823 824 the heirs to our heritage of freedom, faith, and ministry. The spiritual health of the Air 825

Force is in your hands.
